## Summary

My name is Kevin Nyawakira, I'm a Full Stack Developer and Security researcher based in Kigali with 4 years of experience building web applications for small businesses. I am also a Cybersecurity enthusiast, i like breaking and find holes in code and rebuilt it safely. I love everythings related into technology and like to learn and build new things.

## Work experience

**CTO Lead Developer** 2016 - 2018  
IRIS HUB  
I was working for a incubation Hub called IRIS HUB. My work was to conduct and develop online solutions that fit the need of our clients.

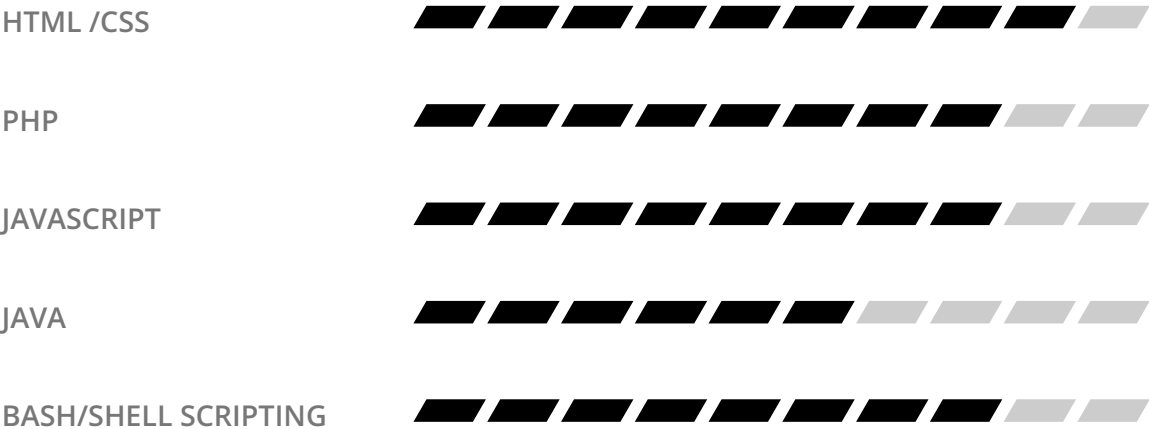

**Freelancer Web Developer** 2015 - 2019  
I'm currently working and doing some freelance jobs as a Web and Software developer, buildings some online solutions for individuals and small companies..

## Education

**Bachelor Degree** 2015 - 2019  
Adventist University Of Central Africa

**High School** 2008 - 2015  
International School Of Bujumbura
